

NACA-AC-1 Loire-Olivier airplane. (Type 12 night-bomber or Type 20 commercial)

NACA-AC-2 The Pander Light Biplane. A school two-seater with 45 HP Anzani engine

NACA-AC-3 The Vickers "Vendace" A land or sea training biplane

NACA-AC-4 German training airplane, Arado "Ar. S.I."

NACA-AC-5 The Short S.7 "Mussel" A training seaplane with 65 HP "Cirrus" engine

NACA-AC-6 All-metal Junkers airplane, type F 13

NACA-AC-7 Two 'Gloster' Airplanes : the 'Grouse II,' - Two-Seat Training Airplane. The 'Grebe II,' Single-Seat Fighter

NACA-AC-8 The Albatros L 72A : a German newspaper carrier with slotted wings

NACA-AC-9 Wibault two-seat monoplane 8C2 - an all-metal pursuit and observation airplane

NACA-AC-10 The new De Havilland commercial airplane : the D.H. 66 with three Bristol "Jupiter" engines

NACA-AC-11 The Blackburn "Sprat": A Training Airplane Convertible into Landplane or Seaplane

NACA-AC-12 Farman Monoplane F.170 : Commercial Airplane with One 500 HP. Farman Engine

NACA-AC-13 Heinkel airplane H.D. 39 for carrying newspapers

NACA-AC-14 The Armstrong-Whitworth "Argosy." The latest three-engined commercial airplane

NACA-AC-15 The Farman Commercial Airplane "Jabiru."

NACA-AC-16 Albatros commercial Airplane L 73

NACA-AC-17 The Avro "Avian" Airplane : 65 HP. Armstrong-Siddeley "Genet" engine

NACA-AC-18 The De Havilland "Moth"

NACA-AC-19 The Bristol "Badminton" Airplane

NACA-AC-20 The Handley Page "Hamlet"

NACA-AC-21 The A.N.E.C. IV "Missel Thrush" light airplane

NACA-AC-22 Avia pursuit airplane B.H.21

NACA-AC-23 Albert TE-1 training airplane

NACA-AC-24 Rohrbach all metal commercial airplane RO VIII "Roland"

NACA-AC-25 The Supermarine "Southampton" seaplane (observation or bomber)

NACA-AC-26 The Boulton and Paul "Bugle" airplane (day bomber)

NACA-AC-27 Dyle and Bacalan metal monoplane, D.B. 10 night bomber

NACA-AC-28 Combat and bombing airplane, Amiot 120 B 3

NACA-AC-29 Nieuport-Delage pursuit airplane 48 C.1. ("Jockey" type)

NACA-AC-30 The "Dornier Mercury" commercial airplane with B.M.W. VI 600 HP. engine

NACA-AC-31 Dornier "Superwal" commercial seaplane with : two Rolls-Royce "Condor" 600 HP. engines

NACA-AC-32 Macchi M. 39 Seaplane: Single-Seat Racer with an 800 HP. Fiat "A-S2" Engine

NACA-AC-33 Savoia seaplane S.55 (military or commercial)

NACA-AC-34 Vojenska-Smolik S.16 airplane All-metal long-distance observation biplane

NACA-AC-35 Richard-Penhoet commercial seaplane

NACA-AC-36 The Rohrbach "ROBBE" RO VII seaplane : military or commercial

NACA-AC-37 The Francois Villiers marine pursuit airplane

NACA-AC-38 Heinkel H.E. 50 commercial seaplane : winner of the 1926 German Seaplane Contest at Warnemunde

NACA-AC-39 Liore-Olivier LeO 194 seaplane

NACA-AC-40 Training Airplane "Avia B.H. 11"

NACA-AC-41 "Meteore 63" commercial seaplane

NACA-AC-42 The Mureaux "Brunet 3C2" pursuit airplane

NACA-AC-43 Fiat C.R. 20 pursuit airplane

NACA-AC-44 The Rohrbach "ROCCO:" seaplane : new German commercial seaplane with two Rolls-Royce "Condor" engines

NACA-AC-45 The Blackburn "Bluebird" two-seat training and sport airplane

NACA-AC-46 The Focke-Wulf "G.L. 18" : twin-engine 150 HP. commercial airplane

NACA-AC-47 Junkers Airplane "G 24" : All-metal Commercial Airplane

NACA-AC-48 The Gloster "Gambet" airplane. A deck-landing ship's fighter fitted with a 420 HP. Bristol Jupiter VI engine

NACA-AC-49 The Avro "Gosport" 504 R. A new training airplane

NACA-AC-50 "Levasseur 8" transatlantic airplane

NACA-AC-51 Caproni Airplane Ca 73 (commercial) and Ca 73 ter (military)

NACA-AC-52 The Boeing mail airplane

NACA-AC-53 The Westland "Widgeon III," "Cirrus II" or "Genet II" engine

NACA-AC-54 Junkers Commercial Airplane G 31

NACA-AC-55 "Travel Air" commercial airplane - type 5000

NACA-AC-56 Training airplane "Arado SC 1"

NACA-AC-57 The De Havilland "Tiger Moth" A low wing monoplane

NACA-AC-58 The Fairchild "all-purpose" cabin monoplane

NACA-AC-59 The Focke Wulf F.19 "ENTE" tail first airplane

NACA-AC-60 Stinson commercial airplane, type S M-1

NACA-AC-61 Lockheed "Vega" airplane a commercial cabin monoplane

NACA-AC-62 The Pitcairn "Mailwing" PA-5. A single-seat commercial biplane

NACA-AC-63 "Avimeta" three-engine commercial monoplane, type A.V.M. 132

NACA-AC-64 The Heinkel commercial airplane, H.D. 40

NACA-AC-65 The De Havilland 61 "Canberra" (British). A 6-8 passenger airplane

NACA-AC-66 Focke-Wulf A 17 commercial airplane "Mowe" (German)

NACA-AC-67 Supermarine S.5 Seaplane (British) : Winner of the 1927 Schneider Cup Race

NACA-AC-68 The Short "Calcutta" First British all-metal commercial seaplane

NACA-AC-69 The "Gloster IV" Seaplane (British)

NACA-AC-70 The Avro "Avian III" Airplane (British)

NACA-AC-71 The Boulton and Paul "Sidstrand I" bomber airplane (British)

NACA-AC-72 The Parnall "Imp": A New British Light Airplane

NACA-AC-73 The Fokker "Universal" commercial airplane

NACA-AC-74 Bleriot-Spad 91 airplane (French) pursuit single-seater, type "Jockey"

NACA-AC-75 Morane-Saulnier 121 single-seat pursuit airplane (French)

NACA-AC-76 The Fokker "Trimotor F VII" commercial transport monoplane

NACA-AC-77 Rene Couzinet monoplane (French)

NACA-AC-78 Savoia Marchetti "S 64" Airplane

NACA-AC-79 The Sikorsky Twin Engined Amphibian, Type S-38, Model 1928
NACA-AC-80 C.A.M.S. 54 G.R. transatlantic seaplane (French)
NACA-AC-81 Westland "Wapiti", British
NACA-AC-82 The Armstrong Whitworth "Starling" (British) (Single-seat fighter)
NACA-AC-83 The Vickers "Vellore" (British) freight carrier
NACA-AC-84 The Coproni monoplanes "Ca 97" (Italian)
NACA-AC-85 The Gloster "Goldfinch" (British) : Single-Seat Fighter
NACA-AC-86 Bleriot combat monoplane 127 (French)
NACA-AC-87 "Villiers 24" slotted-wing airplane (French) night pursuit sesquiplane
NACA-AC-88 Farman two-engine commercial biplane F. 180
NACA-AC-89 Albessard "Triavion" Airplane (French) : A Two-Seat Tandem Monoplane
NACA-AC-90 The Boulton and Paul "Partridge" (British) all metal single-seat fighter
NACA-AC-91 The De Havilland D.H. 75 "Hawk Moth" (British): Cabin Monoplane
NACA-AC-92 Nieuport-Delage 640 (French) commercial high-wing monoplane
NACA-AC-93 Morane-Saulnier 180 light airplane (French) a single-seat training monoplane
NACA-AC-94 The Blackburn "Bluebird" Mark IV (British) all metal biplane
NACA-AC-95 The Westland IV commercial monoplane (British) three "Cirrus III" engines
NACA-AC-96 The "Potez 33" military airplane (French)
NACA-AC-97 The Amiot S.E.C.M. 110 C.1. a single-seat pursuit monoplane
NACA-AC-98 The Bernard 20 C.1 (French) a single-seat pursuit monoplane
NACA-AC-99 The Parnall "Pipit" (British) : A Single-Seat Ship's Fighter
NACA-AC-100 The "K 47" of the A.B. Flygindustri : An Armored Pursuit Monoplane
NACA-AC-101 The A.B.C. "Robin" (British) : a single-seat cabin monoplane
NACA-AC-102 The Fairey III.F (British): a General Purpose Biplane
NACA-AC-103 The Bristol "Bulldog" (British): A Single-Seat All-Steel Fighter
NACA-AC-104 The A. B. Flygindustri "K 37" (Swedish Junkers) : A Low-Wing All-Metal Military Airplane
NACA-AC-105 The Saunders "Cutty Sark" commercial seaplane (British) a high-wing monoplane flying boat
NACA-AC-106 The Morane Saulnier 222 airplane (French) a single-seat pursuit monoplane
NACA-AC-107 The Weymann-Lepere W.E.L. 10 Observation Airplane (French) : a High-Wing Monoplane
NACA-AC-108 The Comper C(LA)7 "Swift" airplane (English) a high-wing single-seat monoplane
NACA-AC-109 The Dornier "Do. X" flying boat (German) a giant high-wing monoplane
NACA-AC-110 The Liore-Olivier "Le 0.240" commercial seaplane (French) a high-wing monoplane
NACA-AC-111 Les Mureaux "130.A2" observation airplane (French) a high-wing two-seat monoplane
NACA-AC-112 The "Latecoere 28" commercial airplane (French) a ten-passenger high-wing monoplane
NACA-AC-113 The Dyle and Bacalan "DB 70" commercial airplane (French) an all-metal high-wing monoplane
NACA-AC-114 The "Potez 39" observation airplane (French) an all-metal high-wing two-seat

monoplane

NACA-AC-115 The Farman "F. 300" commercial airplane (French) a high-wing semicantilever monoplane

NACA-AC-116 The Junkers "G 38" commercial airplane (German) : a giant high-wing monoplane

NACA-AC-117 The De Havilland "Moth Three" airplane (British) a high-wing commercial monoplane

NACA-AC-118 The "Junkers-Junior" Light Airplane (German) : A Two-Seat All-Metal Low-Wing Cantilever Monoplane

NACA-AC-119 The "Avro Trainer" airplane (British) a training biplane

NACA-AC-120 The Cierva "Autogiro" Mark III (British) : Armstrong-Siddeley "Genet Major" Engine

NACA-AC-121 The Caproni "90 P.B." military airplane (Italian) a giant biplane of 6000 horsepower

NACA-AC-122 The "Comte A.C. 3" military airplane (Swiss) a high-wing semicantilever monoplane

NACA-AC-123 The Dyle and Bacalan "D.B.80" day mail airplane (French) an all-metal high-wing monoplane

NACA-AC-124 The Wibault 220 R.N. 3 airplane (French) a three-place observation high-wing monoplane

NACA-AC-125 The Short "Valetta" commercial seaplane (British) a high-wing all-metal twin-float monoplane

NACA-AC-126 The Henderson "Hendy" 302 cabin airplane (British) a two-seat low-wing cantilever monoplane

NACA-AC-127 The Breguet 270 General-Purpose Military Airplane (French) : A Two-Seat All-Steel Sesquiplane

NACA-AC-128 Westland "Wessex" commercial airplane (British) a high-wing semicantilever monoplane

NACA-AC-129 Vickers "Viastra I" commercial airplane (British) a high-wing all-metal semicantilever monoplane

NACA-AC-130 The Fiat "T.R. 1" training and touring airplane (Italian) a two-place high-wing monoplane

NACA-AC-131 The Handley Page type 42 commercial airplane (British) a metal sesquiplane

NACA-AC-132 Focke-Wulf F 19a "Ente" commercial airplane (German) : a tail-first high-wing monoplane

NACA-AC-133 The Hanriot H 431 military airplane (French) a general purpose biplane

NACA-AC-134 The Amiot 140 M military airplane (French) an all-metal multiplace high-wing monoplane

NACA-AC-135 The Dewoitine D.30 commercial airplane (French) a high-wing cantilever monoplane

NACA-AC-136 Latecoere 38-O flying boat (French) a long-range sesquiplane for carrying mail

NACA-AC-137 Polish P Type single-seat fighters. All-metal gull-type wing monoplane

NACA-AC-138 The Bleriot 110 airplane (French) a long distance high-wing monoplane

NACA-AC-139 The Bernard 120 seaplane (French) a 1400 HP single-seat monoplane racer

NACA-AC-140 The Wibault 280 T.10 commercial airplane (French) an all-metal cantilever, low-wing monoplane

NACA-AC-141 The C.A.M.S. 60 seaplane (French) a twin engine bombing and torpedo monoplane

NACA-AC-142 The Mureaux 111 R.2 military airplane (French) an all-metal observation monoplane

NACA-AC-143 The S.P.C.A. 40 T commercial airplane (French) an all-metal cantilever monoplane

NACA-AC-144 The "I.A.R." pursuit airplane (Roumanian) a one-place cantilever low-wing monoplane

NACA-AC-145 The Mauboussin M 11 touring airplane (French) a two-place high-wing monoplane

NACA-AC-146 The Dewoitine D 33 commercial airplane (French) a low-wing cantilever monoplane

NACA-AC-147 The Bernard 80 G.R. long-distance airplane (French) a two-place cantilever monoplane

NACA-AC-148 The mono-spar light airplane (British) a twin-engined low-wing cabin monoplane

NACA-AC-149 Breguet 390 T commercial airplane (French) a ten-seat all-steel sesquiplane

NACA-AC-150 The Avro 627 "Mailplane" (English): A Single-Seat Biplane

NACA-AC-151 Breguet military airplane, type 33 a two-place long-distance sesquiplane for observation and bombing

NACA-AC-152 Potez 37R2 military airplane a two-place long-distance observation monoplane

NACA-AC-153 The Guillemin J.G. 10 (French) a two-place touring low-wing monoplane

NACA-AC-154 The Supermarine S.6.B. Racing Seaplane (British) : A Low-Wing Twin-Float Monoplane

NACA-AC-154-Suppl Supplement to the Supermarine S.6.B. Racing Seaplane (British) : A Low-Wing Twin-Float Monoplane

NACA-AC-155 The Dornier Do K commercial airplane (German) : a high-wing cantilever monoplane

NACA-AC-156 The Armstrong Whitworth A.W. XVI military airplane (British) a single-seat biplane

NACA-AC-157 The Loire 11 colonial military airplane (French) a high-wing semicantilever all-metal monoplane

NACA-AC-158 The C.A.M.S. 80 amphibian (French) an observation monoplane

NACA-AC-159 The Dreieck I Tailless Airplane (German) : A Low-Wing Cantilever Monoplane

NACA-AC-160 The S.A.B.C.A. "S.XI" commercial airplane (Belgian) a high-wing semicantilever monoplane

NACA-AC-161 The Avro 631 training airplane (British) a two-seat light biplane

NACA-AC-162 The D.H. 83 "Fox Moth" commercial airplane (British) a three-passenger light cabin biplane

NACA-AC-163 The Breguet 410 and 411 Military Airplanes (French): Multiplace Sesquiplane Fighters

NACA-AC-164 The Stieger ST. 4 light airplane (British) a twin-engine four-seat low-wing cabin monoplane

NACA-AC-165 The Farman high bombers 211 and 212 (French) four-engine high-wing monoplanes

NACA-AC-166 The Breda 32 commercial airplane (Italian) a three-engine all-metal low-wing monoplane

NACA-AC-167 Armstrong-Whitworth A.W. XV "Atalanta" airplane (British) a commercial multiplace cantilever monoplane

NACA-AC-168 Spartan "Cruiser" commercial airplane (British) a six-seat low-wing cantilever monoplane

NACA-AC-169 The Bleriot 137 military airplane (French) a twin-engine multiplace monoplane

NACA-AC-170 The Latecoere 501 commercial seaplane (French) a three-engine metal sesquiplane

NACA-AC-171 The S.P.C.A. 30 M.4 military airplane (French) a multiplace low-wing monoplane

NACA-AC-172 The Messerschmidt M.29 touring airplane (German) : a two-seat cantilever monoplane

NACA-AC-173 Nieuport-Delage 590 military airplane (French) a two-place high-wing cantilever monoplane

NACA-AC-174 The D.H. "Dragon Moth" commercial airplane (British) a twin-engine 6-passenger biplane

NACA-AC-175 Heinkel He 64 C sport airplane (German) : a two-seat low-wing cantilever monoplane

NACA-AC-176 The Caudron P.V. 200 touring airplane (French) an all-metal amphibian monoplane

NACA-AC-177 The Boulton and Paul P.64 mail-carrier a two-engine all-metal biplane

NACA-AC-178 The Airspeed "Courier" commercial airplane (British) a low-wing cantilever monoplane

NACA-AC-179 The Westland "Wallace" General-purpose airplane (British) an all-metal biplane

NACA-AC-180 The Dewoitine D.500 pursuit airplane (French) an all-metal cantilever low-wing monoplane

NACA-AC-181 The Schackleton-Murray SM-1 light airplane a two-place high-wing monoplane

NACA-AC-182 The Hanriot-Biche 110 C1 airplane (French) an all-metal low-wing pursuit monoplane

NACA-AC-183 Heinkel HE 70 commercial airplane (German) : a seven-seat cantilever low-wing monoplane

NACA-AC-184 The Comper "Mouse" commercial airplane (British) a three-seat cabin low-wing monoplane

NACA-AC-185 The Dewoitine D.332 commercial airplane (French) a three-engine all-metal low-wing monoplane

NACA-AC-186 The D.H. 85 "Leopard Moth" airplane (British) a three-seat cabin high-wing monoplane

NACA-AC-187 Fokker F.XX commercial airplane (Dutch) a high-wing cantilever monoplane

NACA-AC-188 The Avia 51 commercial airplane (Czechoslovakian) a cantilever high-wing monoplane

NACA-AC-189 D.H. 86 "Express Air Liner" (British) a four-engine biplane

NACA-AC-190 The Short "Scylla" commercial airplane (British) and all metal biplane

NACA-AC-191 Avro 642 commercial airplane (british) a high-wing cantilever monoplane
NACA-AC-192 The Bernard 82 military airplane (French) a long-range monoplane
NACA-AC-193 The Avro "Commodore" touring airplane (British) a cabin biplane
NACA-AC-194 The Comper "Streak" single-seat airplane (British) a low-wing cantilever monoplane
NACA-AC-195 The British Klemm "Eagle" commercial airplane a low-wing cantilever monoplane
NACA-AC-196 Avro C.30 Direct-Control Autogiro (British)
NACA-AC-197 The De Havilland "Comet" long-range airplane (British) a low-wing cantilever monoplane
NACA-AC-198 Kay 331 gyroplane (British) : all-metal single-seat light rotor plane
NACA-AC-199 Boulton Paul P.71A commercial airplane (British) a two-engine biplane
NACA-AC-200 The Short "Scion Senior" commercial airplane (British) a four-engine high-wing cantilever moonoplane
NACA-AC-201 The Avro "Anson" general-purpose airplane (British) a two-engine low-wing cantilever monoplane
NACA-AC-202 The Latecoere 521 "Lieutenant De Vaisseau Paris" commercial flying boat (French) a two-deck six-engine semicantilever sesquiplane
NACA-AC-203 The Vickers-Supermarine "Scapa" (British) a military flying boat
NACA-AC-204 The Short "Empire" commercial flying boat (British) an all-metal cantilever monoplane
NACA-AC-205 The Hafner A.R. III Gyroplane (British)
NACA-AC-206 Armstrong Whitworth 27 "Ensign" commercial airplane (British) an all-metal high-wing monoplane
NACA-AC-207 Baynes Bee light airplane (British) a two-seat high-wing monoplane
NACA-AC-208 The Airspeed "Oxford" training airplane (British) a two-engine cantilever monoplane
NACA-AC-209 Fairey "Battle" medium bomber airplane (British) an all-metal low-wing cantilever monoplane
